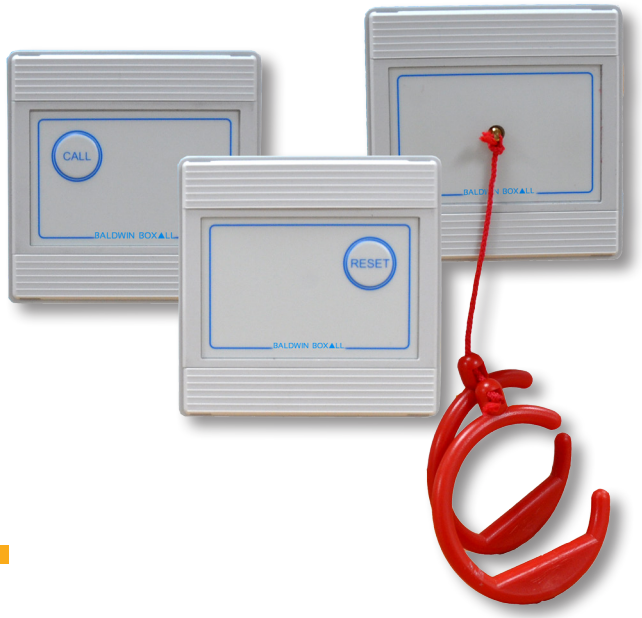
Toilet Alarm Moisture Resistant



The new moisture resistant disabled toilet alarm kit products are ideal for installation in areas that are unsuitable for traditional toilet alarm products; such as shower rooms, wet rooms and other places where moisture and humidity are present.

BENEFITS & FEATURES:

- Compatible with the following Baldwin Boxall products:
  - DTA4 4-way toilet alarm control panel.
  - DTAKIT products.
  - Assistance call products.
- There are four products in the moisture resist range:
  - Pull cord.
  - Call button.
  - Reset button.
  - Call button and reset button.
- It is possible to install a combination of product types across our DTAKIT range, including the moisture resistant units.
- Each unit is supplied with a 16mm cable gland to ensure the point of cable entry is suitably sealed.
- Can be used with the Care2 or Omnicare EVC systems.
- Surface mounting units with a grey finish.
- Dimensions (mm) 80 W x 80 H x 60 D.
