Important Notice – please pay attention!

Powersoft Service from 01.08.2022

Dear customers,

Powersoft has restructured its service operations and, with effect from 01.08.2022, has consolidated the EU-wide service for all Powersoft products completely in the plant in Florence.

The individual national distributors therefore no longer accept repair inquiries.

- Please open your personal MyPowersoft account under [My Powersoft - Powersoft](#). This is mandatory for the following steps.
- Please request a RMA-number directly from Powersoft at:
<https://www.powersoft.com/en/product-repair/>
You need this number for sending in your device to Powersoft.
- In case of questions concerning the service status of your device please contact:
service.audio@powersoft.com

For further information please do not hesitate to contact me

Best Regards

Friedemann Wuestner
